

Focus is the software program Lee County uses for purposes of scheduling, attendance and grade reporting. Lee County's *Focus Parent Portal* provides parents/guardians a real-time view of their child's assignment grades, attendance information, as well as current averages in all classes. To create a *Focus Parent Portal* account, parents/guardians have two options available to them, both of which are explained on the registration screen (shown below).

Welcome to the School District of Lee County Focus Parent Portal registration screen. This portal provides parents/guardians a real-time view of their child's grades and assignments. For the protection of your child's confidential information, we have created the following secure procedures for parents/guardians to register for a Focus Parent Portal account online.

TO REGISTER FOR A FOCUS PARENT PORTAL ACCOUNT, YOU WILL NEED:

Your Email address - The email address used to create your Focus Portal Account should be the one you have on file at your child's school. If you do not have an email account, you can create one for free at www.gmail.com. Be sure to provide your new/updated email address to your child's school so they can update your emergency contact information in the district's official system of record.

Your child's Student ID

Your child's Date of Birth

To create a Focus Parent Portal Account, parents/guardians have two options to register online:

OPTION 1: ONLINE REGISTRATION & AUTOMATIC ACTIVATION:

If you can provide your current email address on file with the district, your child's Student ID, Date of Birth, and the last 4-digits of your child's Social Security Number (if their SSN is on file with the district), you can register and activate your Focus Parent Portal account online by clicking the CREATE MY ACCOUNT link below. Providing this information during the registration process will allow the system to automatically verify your Focus Parent Portal account and give you with immediate access to your student's information.

OPTION 2: ONLINE REGISTRATION AT HOME & SCHOOL ACTIVATION

If you can provide your current email address on file with the district, your child's Student ID and Date of Birth, but do not know (or do not want to provide) the last 4-digits of your child's Social Security Number (or their SSN is not on file with the district), you can register for a Focus Parent Portal account online by clicking the CREATE MY ACCOUNT link below; however you will not have immediate access to your student's information. Instead, once you've registered, your child's school will verify your request and activate your account within 1-2 business days. At that time, you will be provided access to your child's confidential information via the Focus Parent Portal.

DO YOU HAVE MORE THAN ONE STUDENT IN THE DISTRICT?

Regardless of the number of students enrolled in the District, you only need to create one Focus Parent Portal account. If you have multiple children in the District, you can add additional students to your existing account by clicking the ADD A CHILD link below. Your child's school will verify your request and activate your account within 1-2 business days. At that time, you will be provided access to your child's confidential information via the Focus Parent Portal.
